A close-up photograph of a vintage-style motorcycle. The focus is on the engine, which features a prominent chrome air cleaner and a polished chrome exhaust pipe. The front wheel is visible on the right, showing a spokes and a dark tire. The background is blurred, suggesting a natural outdoor setting like a forest or park.

but wait!
you're here!

so let's
get to work.

phase 1: call in the yeoman!

what?

“the web’s
scaffolding tool for
modern webapps.”

setup

`npm install -g yo`

using a starter

```
npm install -g generator-h5bp  
yo h5bp
```

publishing your starter

npm publish
npm link

**phase 2:
taking
a gulp**

dealing with streams

**things
to do:**

- 1. minify css**
- 2. combine js**
- 3. compress js**
- 4. update html refs**

```
var uglify = require('grunt-uglify');

gulp.task('default', function(){
  gulp.src('./build/app.js')
    .pipe(uglify())
    .pipe(gulp.dest('./build/app.min.js'));
});
```

The background of the slide features a wide-angle photograph of a city at sunset. The sky is filled with warm, orange and yellow hues, transitioning into darker blues and purples at the top. Silhouettes of buildings and a bridge are visible against the bright sky. In the foreground, dark silhouettes of trees and possibly a fence or wall are visible.

phase 3:
get in
the clouds

*this deal just gets
worse and worse*

signup

get the toolkit

deploy
to the
cloud

1. create app
2. create procfile
3. scale it up
4. push it
